About Marie Stopes UK

We are an independent, specialist reproductive healthcare provider of NHS-funded and private treatment in the UK. Through our network of centres and clinics we are able to help over 70,000 patients each year. We are part of the world's leading reproductive charity, Marie Stopes International, who provides a full range of quality sexual and reproductive health services to women and men in some of the world's poorest communities.

For more information including maps and directions to all our centres visit the Marie Stopes UK website www.mariestopes.org.uk
