### What will happen next?

When you call the MSI Reproductive Choices advice and booking line we can explain your options and give you more information. You will be offered:

**Counselling:** If you feel you need to talk to someone and are not quite sure what to do, we can arrange an appointment for you to see one of our counsellors. We can offer the choice of face to face or telephone counselling.

**Consultation and medical assessment:** We are able to offer either telephone or face to face consultation. All clients will see a doctor or nurse to assess their pregnancy, establish grounds for their abortion under the 1967 Abortion Act and explain the treatment options. All MSI Reproductive Choices centres and clinics provide day care services in a comfortable, supportive environment.

### Abortion treatment choices: (depending on centre or clinic)

#### Medical abortion

One day or two day visits for treatment

#### Treatment choice available:

Up to 9 weeks and 6 days gestation

Telemedicine (subject to assessment) or clinical visit for treatment.

#### Surgical abortion

This will be carried out after a consultation

#### Treatment choice available:

Up to 14 weeks and 6 days gestation with either no anaesthetic, sedation, or general anaesthetic (local anaesthetic may be offered in some cases)

15 - 18 weeks and 6 days gestation with general anaesthetic

19 - 23 weeks and 6 days gestation with overnight cervical preparation and general anaesthetic

**Aftercare:** You can call our 24 hours a day, 7 days a week aftercare line if you would like to speak to a nurse following treatment.
