Aims and Objectives

MSI Reproductive Choices is a charity providing a range of reproductive healthcare services. MSI Reproductive Choices UK is a country programme within MSI Reproductive Choices.

Our mission is to ensure the individual's fundamental right to have children by choice not chance. The objectives and measurements that support this mission are:

Objectives

- To provide high quality, affordable, professional, patient-oriented services.
- To continuously strive to improve the quality of our services.
- To maximise the added benefits and value offered to our patients.
- To differentiate MSI Reproductive Choices UK services from those of our competitors.
- To listen to our stakeholders and be responsive to their comments.

Measurements

MSI Reproductive Choices UK will ensure that progress against objectives is monitored by:

- Analysis of business intelligence, including quality performance data and patient feedback operating within a robust governance framework
- Continual quality improvement through regular internal and external quality reviews, compliance monitoring and clinical audit
- Conducting regular audits to inform service improvements
- Undertaking market research

Our mission

Your choice, our support

Our vision

A world in which every birth is wanted

Our values

Mission driven: With unwavering commitment, we exist to empower women and men to have children by choice not chance.

Patient centred: We are dedicated to our patients and work tirelessly to deliver high-impact services that meet their individual needs.

Accountable: We are accountable for our actions and focus on results, ensuring long term sustainability and increasing the impact of the Partnership.

Courageous: We recruit and nurture talented, passionate and brave people who have the courage to push boundaries, make tough decisions and challenge others in line with our mission.

Resilient: In challenging situations, we work together and support each other, adapting and learning to find a solution, whatever we're up against.

Inclusive: believe that diversity is a strength. We all play our part in creating culture where every team member can thrive, feel valued and

- Termination of pregnancies
- Surgical procedures
- Family planning
- Treatment of disease, disorder or injury
- Diagnostic and screening procedures
- Transport services, triage and medical advice provided remotely

Management

Mr Simon Cooke: CEO MSI Reproductive Choices

Simon joined MSI Reproductive Choices in 2013 with more than 20 years of international management, marketing and sales experience in a range of developed and developing countries including North Africa, Asia, Latin America, the Nordics, the Gulf, the Levant and Iran. Before coming to MSI Reproductive Choices he was CEO of SuperMax, a personal care product marketing organisation based in the Middle East. He has also held senior leadership positions at both Procter and Gamble and Reckitt Benckiser. Simon is committed to bringing his expertise and experience to fulfil our mission of children by choice, not chance.

Mr Richard Bentley: Managing Director MSI Reproductive Choices UK

Richard joined MSI Reproductive Choices UK in September 2017. He has extensive senior level experience within leading people-centric and service-oriented businesses in healthcare. Before coming to MSI Reproductive Choices UK, his previous roles included interim CEO of Horder Healthcare and Hospital Director at Nuffield Health. Richard is committed to making sure that patient satisfaction is generated through trust and confidence in service. His experience will make sure MSI Reproductive Choices UK continues to be a robust, accountable and quality driven organisation. Richard Bentley is the UK Nominated Individual.

MSI Reproductive Choices UK Team

MSI Reproductive Choices UK is a specialist independent provider of sexual and reproductive health services in the UK. We are part of the world leading reproductive and sexual health charity MSI Reproductive Choices, based in almost 40 countries around the world.

Here in the UK we have over 60 locations and strive to provide a local supportive service for women and men. Through our team of highly skilled doctors, nurses, counsellors and healthcare assistants we provide reproductive and sexual health services including abortion, vasectomy, and contraception fitting in the UK.

MSI Reproductive Choices UK Centres

All opening days are subject to variance.

Please call: **0345 300 8090** for actual opening days.

Accommodation

- Consultation/treatment room
- Admission facilities
- Pre-treatment reception area
- Recovery area
- Day care ward
- Toilet facilities
- Access or assistance for those with disabilities available at most locations

Termination of Pregnancy Services

- Consultation and referral for patients aged 13 and above
- Abortion under the terms of the 1967 Abortion Act for patients aged 13 and above
- Surgical abortion to 23 weeks and 6 days gestation
- Medical abortion

Sexual Health Services

- Advice and provision on contraceptive options
- Sexually transmitted infections screening and treatment

Counselling

- Appointments are available via the telephone and/or face-to-face at our main centres
- Counsellors are approved by the British Association of Counselling & Psychotherapy and are externally supervised
- Early Medical Units
- Pregnancy testing
- Unplanned pregnancy consultations
- Medical abortion
- Advice and provision on contraceptive options
- Sexually transmitted infections screening and treatment

Telephone consultation

For those patients seeking abortion a telephone consultation process is available via MSI Reproductive Choices UK One Call service to:

- Provide accessible information to service users
- Confirm grounds for abortion under the 1967 Abortion Act
- Take and record medical history
- Discuss available options regarding the nature of available procedures and anaesthetic choices
- Provide information regarding the risks of abortion
- Offer advice regarding aftercare
- Answer any questions
- Offer pre-and post-operative care and support
- Provide privacy and confidentiality

Vasectomy Services

- Vasectomy consultation, procedure and post-operative care

For those patients seeking vasectomy the consultation process is designed to:

- Provide information regarding the risks and failure rates of vasectomy
- Discuss continuing contraception until sample testing confirms success
- Offer advice regarding aftercare
- Capture medical history
- Discuss the patient's decision and the permanency of vasectomy
- Discuss reversal
- Answer any questions
- Provide privacy and confidentiality

Patient Guide

Safeguarding

MSI Reproductive Choices UK has a moral and legal duty to ensure that patients are adequately safeguarded whilst in its care. Health professionals will work together to safeguard and promote the welfare of their patients identified as vulnerable, therefore protecting them and/or their children from any potential risks. We work within a legal framework to ensure this.

MSI Reproductive Choices UK provides training to all staff on safeguarding adults and children to ensure that team members have the knowledge and skills to recognise any safeguarding concerns, act appropriately and to make a safeguarding referral where required. Where a referral is made, this will be communicated to the patient.

Data Protection

In order to maintain confidentiality we would normally address you by your first name. If you have another preference please let a nurse or member of the team know.

We will ask for details of a contact in case of emergency. However, under normal circumstances, no details of your admission or treatment will be given to any third party without your authorisation. If, while you are at the centre, you are expecting any contact by friends or relatives, please let us know.

Information for patients

You will receive written information regarding the services you require either digitally or in hard copy for all procedures. To supplement this, you will be asked to give informed consent for all procedures and information processing, the face-to-face consultation process, with a healthcare professional, who will serve to:

- Address any concerns and answer any questions you may have
- Offer information regarding choice of treatment and risks involved
- Offer advice regarding aftercare
- Discuss future contraception with those undergoing abortion
- Explain what we do with your information, how we will look after it, and who we might share it with

You have access to a 24-hour advice line should you be at all worried prior to or following your procedure and any aftercare treatment is offered at no further charge.

Should you have any questions about what happens regarding your pregnancy following treatment, please ask a nurse for information.

If you have any comments or suggestions regarding the information contained within this statement or in any of our other literature, please speak to a team member.

Patient Health Records

Under the GDPR and Data Protection Act 2018, you have the right to see the information that we hold about you. We encourage you to submit your request through our secure portal – you can read more about making a request on our [subject access request page](#).

A request for information must include proof of identification, so that your identity can be verified and your records can be located. We aim to complete requests as quickly as possible. We make every effort to ensure we deal with requests within one calendar month of receipt. Should any third-party request access to confidential information regarding your admission and treatment, MSI Reproductive Choices UK will not release this in the absence of written, signed authorisation from you, unless we are required to do so by law.

We will only ever share information where we have a legal reason to do so under the data protection legislation and where it is in your best interest. We will always consider your right to confidentiality..

Feedback

You will be given the opportunity to comment on the service you have received. This feedback provides a valuable insight into how our service is perceived and where we may need to make changes or improvements.

A link to our questionnaire will be provided to you and responses are collated and audited internally, any adverse comments are noted and referred to the relevant Manager. We would not normally supply a response unless this is specifically requested.

The responses are monitored and fully audited by MSI Reproductive Choices UK and we produce an annual report. The results of which are displayed in each centre.

Audit

We are subject to regular inspection by the Care Quality Commission who independently regulates health and social care services in England, from whom we receive our registration. The report of each inspection is a matter of public record and is available on their website: <http://www.cqc.org.uk>.

Complaints Advice

MSI Reproductive Choices UK aims to provide the best possible service and care to all our patients. We understand, however, that there will be occasions where complaints will be made. We appreciate feedback of this nature in order for us to address any area/s of our service that require improvement and make changes where necessary. Please feel assured that making a complaint will not have a negative effect on your care or treatment.

Should you wish to make a complaint about any aspect of the service or care you have received, there are a number of ways in which you can bring this to our attention:

- by completing the questionnaire
- by telephoning the relevant centre to speak with a manager or supervisor
- in writing to Head of Quality and Customer Services
- by e-mail to Quality.customerservice@MSIChoices.org.uk In order to ensure privacy and confidentiality please follow any e-mail correspondence up in writing
- by contacting your local ICB or NHS England (NHS complaint process)

Telephone Complaint

Please call the relevant treatment clinic, within working hours, and ask to speak with the manager or a supervisor. A record will be made of your complaint and investigated by the manager or supervisor with the team members concerned. Depending on the nature of the complaint you may be asked to put this in writing, for ease of investigation. If your complaint cannot be resolved at the time of the initial telephone call you will be contacted once the investigation has been completed.

Written Complaint

Please put your complaint in writing and address this to the Head of Quality and Customer Services at MSI Reproductive Choices at Quality.customerservice@msichoice.org.uk. In order to maintain confidentiality please sign your complaint electronically and confirm your PIN and password. Your complaint will be handled by the Head of Customer and Quality Services, who will instigate an investigation with the management of the relevant treatment centre. A subsequent written response will be forwarded to you.

Standards

We will acknowledge any written complaint within two working days of receipt and any telephone enquiries within 24 hours.

A full investigation will be carried out, with the relevant team member/s, of the circumstances surrounding the incident/s.

Following the investigation, a full response will be made to you within a reasonable time, usually between three to four weeks. Should there be any delays in this process you will be kept informed.

Confidentiality

In order to maintain confidentiality, we cannot usually enter into any discussion or correspondence with a third party, without your permission. If you wish for us to liaise with a third party, please give us your consent in writing

Unresolved Complaints

Should you be dissatisfied with the response received, you have recourse to appeal to the Director of Nursing, Midwifery and Quality, who will review all the case notes and correspondence and will, in turn, respond as soon as possible (stage 2 appeal). Generally, a stage 2 appeal must be made within 20 working days of the date of the final written response sent to you.

Finally, if your complaint is not resolved to your satisfaction you can contact ISCAS, the Independent Sector Complaints Adjudication Service. Patients referred by the NHS may also follow the NHS complaint process or contact the Health Service Ombudsman.

The addresses to contact are as follows: SCAS

70 Fleet Street

London

EC4Y 1EU

Tel: 020 7536 6091

Health Service Ombudsman

Millbank Tower

Millbank

London

SW1P 4QP

Tel: 0345 015 4033

For unresolved complaints regarding how your information has been handled, you have recourse to notify the Information Commissioner's Office

The address to contact is as follows:

Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire

SK9 5AF
